

CHAMP Banquet at Hope Academy

Thursday, Feb. 12, 6-7pm

The Cougars and Houston Area Math Program (CHAMP) invites all Hope Academy Students participating in CHAMP to attend this banquet with their parents or guardians.

Food and drinks will be served, and we will be recognizing your past and future efforts in CHAMP, as well as getting to know your parents and having a few short talk about careers in STEM (Science Technology, Engineering, and Mathematics). The UH student facilitators will also attend.

Highlights:

- **Certificates for Students to recognize their CHAMP participation**
- **Presentation about CHAMP and its mission by Dr. Tomforde, a professor in the UH Math Department and the director of CHAMP.**
- **Presentation by members of the National Society of Black Engineers (NSBE)**
- **Presentation and Q&A with Cara Santa Maria, an advocate of diversity in STEM. Miss Santa Maria is a science communicator, writer, producer, and television personality. She is also the former senior science writer of the Huffington Post, a current member of the Young Turks Network, and host of the popular "Talk Nerdy" science podcast. Additionally, she is a native Texan with a B.S. in Psychology and an M.S. in Neurobiology from the University of North Texas.**
